<b>Preface</b>	<b>vii</b>
<b>Acknowledgments</b>	<b>ix</b>
<b><i>Part 1: The Basics</i></b>	<b>1</b>
<hr/>	
<b>Questions 1–11</b> cover basic information regarding the kidneys and their functions, including:	
• What do the kidneys do?	
• Where are the kidneys located?	
• Can kidney disease be inherited?	
<b><i>Part 2: Dialysis</i></b>	<b>19</b>
<hr/>	
<b>Questions 12–28</b> review general notes on dialysis, such as:	
• What is dialysis?	
• Can children be treated with dialysis?	
• What will happen if I skip a dialysis treatment?	
<b><i>Part 3: Preparing to Begin Dialysis</i></b>	<b>53</b>
<hr/>	
<b>Questions 29–43</b> provide an introduction to the dialysis procedure and the medical personnel involved:	
• What is a nephrologist?	
• How does my doctor know I need dialysis?	
• What is a shunt or access for dialysis?	
<b><i>Part 4: Living Well on Dialysis</i></b>	<b>89</b>
<hr/>	
<b>Questions 44–56</b> focus on continuing your lifestyle, with topics such as:	
• Since beginning dialysis, I feel tired all the time. Will this improve with time?	
• Can dialysis patients be sexually active?	
• Can I travel as a dialysis patient?	

***Part 5: Nutrition on Dialysis*** **113**

**Questions 57–66** offer information regarding your diet and nutritional needs while you are on dialysis:

- Why do I have to watch what I eat?
- What is a renal diet?
- Why are potassium and phosphorus so important?

***Part 6: Complications on Dialysis*** **137**

**Questions 67–77** present methods of coping with day-to-day problems associated with dialysis, such as:

- What should I do if I develop bleeding from my access?
- Why does my blood pressure fall too low during my hemodialysis treatment?
- Why do I feel weak after my hemodialysis treatments?

***Part 7: Dialysis: A Healthy Lifestyle*** **163**

**Questions 78–89** address ways by which you can maintain a healthy lifestyle while receiving treatments:

- How can I lose weight as a dialysis patient?
- Can dialysis patients participate in sports?
- How will being a kidney dialysis patient affect my teeth?

***Part 8: Getting Off Dialysis*** **195**

**Questions 90–100** provide information on ending dialysis as well as facts on kidney transplants, including:

- Can I recover my kidney function?
- What will happen if I decide to stop my dialysis treatments?
- How can I get a kidney transplant?

**Appendix** **215**

**Glossary** **219**

**Index** **233**
