Inherited Skin Disorders	1
Neurofibromatosis vs. Macular Mastocytosis.....	2
Recessive Dystrophic Epidermolysis Bullosa vs. Bullous Congenital Ichthyosiform Erythroderma (Epidermolytic Hyperkeratosis)	4
Nevi	7
Aplasia Cutis Congenita vs. Sebaceous Nevus in the Newborn.....	8
Port-wine Stain vs. Segmental Hemangioma	10
Port-wine Stain vs. Cutis Marmorata Telangiectatica Congenita	12
Pyogenic Granuloma vs. Hypopigmented Spitz Nevus	14
Hemangioma vs. Venous Malformation	16
Nevus Anemicus vs. Ischemic Precursor of Hemangioma.....	18
Congenital Melanocytic Nevus vs. Hypermelanotic Nevus.....	20
Hypopigmented Spitz Nevus vs. Juvenile Xanthogranuloma	22
Nevus Depigmentosus vs. Segmental Vitiligo	24
Nevus Depigmentosus vs. Nevus Anemicus	26
Epidermal Nevus vs. Lichen Striatus.....	28
Verrucous Epidermal Nevus vs. Plane Warts	30
Sebaceous Nevus vs. Xanthogranuloma in Plaque of the Scalp.....	32
Nevi with Hypertrichosis.....	34
Viral Infections	37
Herpes Zoster vs. Insect Stings with Zoster-Like Distribution.....	38
Herpes Simplex vs. Pyoderma vs. Tinea	40
Plane Warts vs. Benign Cephalic Histiocytosis	42
Vulvar Epidermal Nevus vs. Genital Warts.....	44
Common Warts vs. Subungual Exostosis	46

Perianal Condylomata Acuminata vs. Condylomata Lata of Congenital Syphilis	48
Genital Warts vs. Pearly Penile Papules	50
Perianal Condylomata Acuminata vs. Infantile Perianal Protrusion	52
Molluscum Contagiosum vs. Genital Warts	54
Bacterial Infections	57
Staphylococcal Scarlet Fever vs. Streptococcal Scarlet Fever	58
Fungal Infections	61
Segmental Vitiligo vs. Hypopigmented Pityriasis Versicolor	62
Parasitic Infestations	65
Nodular Scabies vs. Nodular Mastocytosis	66
Peripilar Keratin Hair Casts vs. Head Louse Nits	68
Pediculosis Palpebrarum vs. Atopic Blepharitis	70
Acne	73
Acne/Angiofibromas of Tuberous Sclerosis	74
Allergic Diseases	77
Atopic Dermatitis vs. Dermatitis Herpetiformis	78
Hypopigmented Atopic Dermatitis vs. Hypopigmented Pityriasis Versicolor	80
Hypopigmented Dermatitis vs. Systemic Vitiligo	82
Atopic Dermatitis vs. Tinea Faciei	84
Atopic Dermatitis vs. Scalp Psoriasis	86
Keratosis Pilaris Rubra vs. Atopic Dermatitis	88
Early Atopic Dermatitis vs. Neonatal Acne	90
Atopic Dermatitis vs. Scabies	92
Fixed Drug Eruption vs. Recurrent Herpes Simplex	94
Drug-induced or Viral Epidermal Necrolysis vs. Staphylococcal Scalded Skin Syndrome	96
Henoch–Schönlein Purpura vs. Gianotti–Crosti Syndrome	98
Henoch–Schönlein Purpura vs. Hemorrhagic Urticaria	100
Autoimmune Skin Disorders	103
Diaper Psoriasis vs. Extensive Atopic Dermatitis	104
Perigenital Psoriasis vs. Perigenital Atopic Dermatitis	106

Pityriasis Rubra Pilaris vs. Follicular Psoriasis	108
Alopecia Areata vs. Trichotillomania.....	110
Alopecia Areata vs. Congenital Triangular Alopecia.....	112
Vitiligo vs. Genital Lichen Sclerosus.....	114
Lichen Planus vs. Lichen Aureus	116
Miscellaneous Items	119
Plantar Echymosis vs. Plantar Melanocytic Nevus.....	120
Gangrene of the Buttock vs. Hemangioma	122
Knuckle Pads vs. Finger Biting Tic.....	124
Connective Tissue Diseases	127
Systemic Lupus Erythematosus vs. Dermatomyositis	128
Systemic Lupus Erythematosus vs. Seborrheic Dermatitis.....	130
Initial Segmental Scleroderma vs. Unilateral Nevoid Telangiectasia	132
Gottron Papules vs. Plane Warts	134
Tumors	137
Pilomatrichoma vs. Dermoid Cyst	138
Angiofibromas of Tuberous Sclerosis vs. Multiple Trichoepitheliomas	140
Superficial Lymphangioma vs. Angiokeratoma	142
Keratosis Pilaris vs. Multiple Trichoepitheliomas.....	144
