<b>Introduction</b>	1
<b>Experiences of systemic and family therapy</b>	1
A family's view	1
Two therapists' views	3
<b>What is the 'family'?</b>	5
The family life cycle	7
<b>Allowing the family a voice</b>	9
<b>The organizing framework of this book</b>	10
<b>Key texts offering a historical overview of systemic and family therapy</b>	13
<b>Setting the scene – 1950s</b>	15
<b>1 The first phase – 1950s to mid-1970s</b>	26
<b>Cultural landscape</b>	26
<b>Influential people and ideas</b>	27
Seeds of systemic and family therapy	27
Systemic thinking – from intrapsychic to interpersonal	31
Systems theory – biological analogy	32
Emergent properties of a system	32
Circularities	33
Triads, triangulation and conflict detouring	36
Rules, pattern and process	38
Feedback	38

Family coordination through communication	39
Double-bind concept	39
Meta-communication	40
Open and closed systems	41
Family homeostasis	41
Family life cycle	42
<b>Practice</b>	44
Structural family therapy	44
Beliefs and structures	45
Therapeutic orientations	46
Directive stance	46
Strategic family therapy	49
Beliefs and premises	51
Strategic tasks	53
<b>Commentary</b>	55
Gender and shifting inequalities of power	56
Normative assumptions of life-cycle models	57
<b>Key texts</b>	58
<b>Skill guides</b>	58
Family sculpting	59
Family tree and time line	60
Reframing	63
<b>2 The second phase – mid-1970s to mid-1980s</b>	64
<b>Cultural landscape</b>	64
<b>Influential people and ideas</b>	66
Second-order cybernetics	66
Meta-communication	67
Communication	68
The person as private ‘biosphere’	70
Intention	71
Beliefs and actions in triads	71
Ecological perspective – multiple systems	72
Observing systems	73
<b>Practice</b>	73
Hypothesizing	73
Reframing	74
Co-construction of shared histories	75
<b>Commentary</b>	76
Moral and political implications	77
Power	78
Milan approaches	78
Positive connotation	79
<b>Key texts</b>	80
<b>Skill guides</b>	81
Teamwork	81

Hypothesizing	82
Positive connotation	83
Circular questioning	84
Transformational change	85
<b>3 The third phase – mid-1980s to 2000</b>	<b>87</b>
<b>Cultural landscape</b>	<b>87</b>
Theoretical perspectives	88
Connections and links to the second and first phases of systemic family therapy	90
<b>Influential people and ideas</b>	<b>91</b>
View of the person – construction of experience	94
<b>Practice</b>	<b>97</b>
Brief solution-focused therapy	97
Reflecting teams	100
Narrative therapies	100
Externalizing problems	101
Writing	102
Feminist therapies	103
Power and the construction of reality	104
Culturally available stories	104
<b>Commentary – feminist orientations</b>	<b>106</b>
<b>Key texts</b>	<b>107</b>
<b>Skill guides</b>	<b>109</b>
Consultation	109
Externalizing the problem	110
Collaborative inquiry	112
Reflecting processes	113
<b>4 Ideas that keep knocking on the door: emotions, attachments and systems</b>	<b>116</b>
<b>The role of emotions in systemic theory and practice</b>	<b>116</b>
<b>Emotions and early family therapy concepts</b>	<b>119</b>
Triangulation	119
The double-bind	120
Emotions, escalation and couples' interactions	121
Emotions, narratives and the language of emotions	123
Attachment theory	126
Family life cycle and attachments	128
<b>Attachment styles and couples' dynamics</b>	<b>129</b>
Attachments: from dyads to triads	130
Trauma and loss	131
Attachment and meaning-making processes: beliefs and narratives	132
<b>Integrations with psychoanalytic thinking</b>	<b>134</b>
The therapeutic relationship	134
Defence processes and unconscious communication	135

Transference	136
<b>Key texts</b>	137
<b>5 Systemic formulation</b>	141
<b>Cultural landscape</b>	141
<b>Systemic theory: assessment and formulation</b>	142
The first phase	143
The second phase – progressive hypothesizing	145
The third phase	145
<b>Example of systemic formulation</b>	147
Genograms	148
The referral	149
Deconstructing the problems	150
Contextual factors	150
Beliefs and explanations	151
Problem-maintaining patterns and feedback loops	152
Emotions and attachments	152
Synthesis	153
Formulations: Mary and Janet	153
<b>Commentary</b>	154
<b>Key texts</b>	155
<b>Skill guide</b>	156
Systemic formulation	156
<b>6 Twenty-first century practice development: conversations across the boundaries of models</b>	159
<b>Cultural landscape</b>	159
<b>Practice</b>	161
Working with addictions	162
Working with post-divorce processes and contact disputes	167
Work in forensic contexts	173
Working systemically with attachment narratives – ANT: eating disorders	177
Psychosis and multiple family group therapy (MFGT) – Eia Asen and Heiner Schuff	183
<b>Commentary</b>	187
Formulation	187
Contexts	187
Patterns and processes	188
Multiple models	189
<b>Key texts</b>	190
<b>7 Couple therapy</b>	193
<b>Cultural landscape</b>	194
Marital or couple therapy	194
Recent legislation relevant to the cultural context	195
Other forms of partnership and legislation	196

Divorce and mediation	197
<b>Influential people and ideas</b>	197
<b>Couple therapy approaches using a relational paradigm</b>	203
Integrative therapy – the politics of passion	203
Emotionally focused couple therapy	203
The Gottman method	204
Imago Relationship Therapy	205
<b>Relationship education for couples</b>	206
<b>Commentary</b>	207
<b>Key texts</b>	210
<b>8 Research and evaluation</b>	212
<b>Introduction</b>	212
<b>Why conduct research?</b>	213
<b>Evidence-based practice and practice-based evidence</b>	214
Cost-effectiveness	215
Practice-based evidence	216
<b>Science, research and systemic therapy</b>	219
Varieties of research	220
<b>Evaluation research: does family therapy work?</b>	223
Meta-analysis	224
Group comparison evaluative studies	226
Evaluative case studies	228
Observational studies	229
Questionnaire and self-report studies	229
<b>Therapy process research</b>	230
A therapeutic process study	231
In-depth single case process study	231
Exploring the experience of family therapy	232
<b>Family theory research</b>	234
A participant observational study	235
Interview studies	235
A conjoint interview study	236
Case study series	237
<b>Discussion and reflections</b>	237
<b>Key texts</b>	238
Varieties of research	238
Family therapy outcome studies	239
<b>9 Reflections 2009</b>	243
<b>Current state of the art</b>	245
<b>Crystal-ball gazing</b>	247
<b>Developmental perspectives</b>	247
<b>Review and summary</b>	248
<b>Integrations</b>	249
