Preface IX

Part 1 Treatment Strategies in Cardiac Transplantation 1

- Chapter 1 **Immunosuppressive Therapy After Cardiac Transplantation 3**
Martin Schweiger
- Chapter 2 **Antibody Mediated Rejection of the Cardiac Allograft 23**
Christopher R. Ensor and Christina T. Doligalski
- Chapter 3 **Nutritional Intervention in Heart Transplant Recipients – Dietary Recommendations 41**
Paloma Posada-Moreno, Ismael Ortuño-Soriano, Ignacio Zaragoza-García, M^a Dolores Rodríguez-Martínez, José Luis Pacheco-del-Cerro, Carmen Martínez-Rincón and Antonio Luis Villarino-Marín
- Chapter 4 **Physical Rehabilitation 59**
Guilherme Veiga Guimarães, Lucas Nóbilo Pascoalino, Vitor de Oliveira Carvalho, Aline Cristina Tavares and Edimar Alcides Bocchi

Part 2 Chronic Rejection in Cardiac Transplantation 77

- Chapter 5 **Cardiac Allograft Vasculopathy: An Ongoing Challenge in the Care of Heart Transplant Recipients 79**
Brian Clarke and Kiran Khush
- Chapter 6 **Role of Matricellular Proteins in Cardiac Allograft Fibrosis 99**
Nadine Frerker, Monika Kasprzycka, Bjørg Mikalsen, Pål Dag Line, Helge Scott and Guttorm Haraldsen

Part 3 Experimentation in Cardiac Transplantation 123

- Chapter 7 **Potential of Heterotopic Cardiac Transplantation in Mice as a Model for Elucidating Mechanisms of Graft Rejection 125**
Melanie Laschinger, Volker Assfalg, Edouard Matevossian,
Helmut Friess and Norbert Hüser
- Chapter 8 **Pre-Transplant Therapy
in Experimental Heart Transplantation 143**
Tomislav Stojanovic, Andreas H. Wagner,
Friedrich A. Schöndube and Markus Hecker
