Section I: Introduction Edited by Peter Mathes

1. From Exercise Training to Comprehensive Cardiac Rehabilitation <i>Peter Mathes</i>	3
2. The Evidence Base for Cardiac Rehabilitation <i>Rod S. Taylor and Kate Jolly</i>	9
3. Indications for Cardiac Rehabilitation <i>Peter Mathes</i>	19
4. Prevention Guidelines: Management of the Coronary Patient <i>Guy de Backer</i>	26
5. Cardiac Rehabilitation: Europe <i>L. Vanhees, M. Martens, S. Beloka, A. Stevens, A. Avram, and Dan Gaita</i>	30
6. Cardiac Rehabilitation: United States <i>Nanette K. Wenger</i>	34
7. Cardiac Rehabilitation: Canada <i>Terence Kavanagh</i>	37
8. Cardiac Rehabilitation: Australia <i>Michael V. Jelinek and Stephen J. Bunker</i>	41
9. Cardiac Rehabilitation: South Africa <i>Wayne E. Derman</i>	44
10. Cardiac Rehabilitation: China <i>David R. Thompson and Cheuk-Man Yu</i>	48
11. New Concepts for Early Diagnosis of Coronary Artery Disease <i>Sigmund Silber and Peter Mathes</i>	52

Section II: Exercise Testing in Heart Disease**Edited by Helmut Gohlke**

12. The Molecular Base of Exercise	67
<i>Rainer Hambrecht</i>	
13. Exercise and Fitness	77
<i>Jonathan Myers</i>	
14. Exercise Testing in Coronary Heart Disease	88
<i>Stamatis Adamopoulos, Katerina Fountoulaki, and John T. Parissis</i>	
15. Cardiopulmonary Exercise Testing in Chronic Heart Failure	99
<i>Alain Cohen-Solal, Florence Beauvais, and Jean Yves Tabet</i>	
16. Exercise Testing in Valvular Heart Disease	110
<i>Christa Gohlke-Bärwolf</i>	

Section III: Exercise Training in Heart Disease**Edited by Helmut Gohlke**

17. Exercise Training in Coronary Heart Disease	125
<i>Helmut Gohlke</i>	
18. Exercise Training in Diabetes Mellitus: An Efficient but Underused Therapeutic Option in the Prevention and Treatment of Coronary Artery Disease	138
<i>Josef Niebauer</i>	
19. Exercise Training in Heart Failure	142
<i>Stephen Gielen, Josef Niebauer, and Rainer Hambrecht</i>	
20. Exercise Training in Valvular Heart Disease	156
<i>Christa Gohlke-Bärwolf</i>	
21. The Role of Sports in Preventive Cardiology	163
<i>Hans H. Bjørnstad, Tor H. Bjørnstad, and Yngvar Ommundsen</i>	
22. Advising Patients with Cardiac Disease and after Cardiac Interventions about Sports Activities	170
<i>Hans H. Bjørnstad, Asle Hirth, Saied Nadirpour, and Britt Undheim</i>	

Section IV: Nutrition**Edited by Catherine Monpère**

23. Secondary Prevention of Coronary Heart Disease: Impact of Nutrition on the Risk of Fatal Complications and Importance of the Concept of Omega-3 Deficiency	181
<i>Michel de Lorgeril and Patricia Salen</i>	
24. Nutrition Counseling for Diabetic Patients	194
<i>Bénédicte Vergès-Patois and Bruno Vergès</i>	
25. Nutritional Counseling for Overweight Patients and Patients with Metabolic Syndrome	201
<i>André J. Scheen and Nicolas Paquot</i>	

Contents	ix
26. Nutritional Counseling: Practical Models	212
<i>Catherine Monpère</i>	
Section V: Tobacco Addiction	
Edited by Irene Hellemans	
27. The Burden of Smoking on Cardiovascular Disease	227
<i>Ulrich Keil</i>	
28. The Role of Tobacco Dependence and Addiction	235
<i>Trudi P.G. Tromp-Beelen</i>	
29. Treatment of Tobacco Dependency	239
<i>Trudi P.G. Tromp-Beelen and Irene Hellemans</i>	
Section VI: Psychological and Behavioral Support	
Edited by Hannah McGee	
30. Psychosocial Aspects in Prevention and Rehabilitation	249
<i>Annika Rosengren</i>	
31. Health-Related Quality of Life in Cardiac Patients	256
<i>Hannah McGee</i>	
32. Depression Following Myocardial Infarction: Prevalence, Clinical Consequences, and Patient Management	269
<i>Deirdre A. Lane and Douglas Carroll</i>	
33. Educating Cardiac Patients and Relatives	279
<i>Gunilla Burell</i>	
34. Stress Management	286
<i>Paul Bennett</i>	
35. Adherence to Health Recommendations	293
<i>David Hevey</i>	
Section VII: Social and Caring Support	
Edited by Philippe Sellier	
36. Prevention Programs: The Role of the Nurse	305
<i>Alison Cahill</i>	
37. Heart Failure Rehabilitation: The Role of the Nurse	311
<i>Anna Strömberg</i>	
38. Returning to Work after Myocardial Infarction	317
<i>Joep Perk</i>	
39. Return to Work after Coronary Interventions	324
<i>Philippe Sellier</i>	
40. Sexual Counseling of the Cardiac Patient	330
<i>Tiny Jaarsma and Elaine E. Steinke</i>	

41. Cognitive Behavioral Rehabilitation for Angina 338
Robert J. Lewin
42. National Heart Foundations, European Heart Network 342
Susanne Løgstrup, Ulla-Riitta Penttilä, Silvia Aepli, and Therese Junker
43. Long-Term Maintenance Programs 347
Miguel F. Mendes
44. New Models of Care and Support 352
Jill F. Pattenden and Robert J. Lewin

Section VIII: Adapted Programs for Special Groups

Edited by **Hugo Saner**

45. Cardiac Rehabilitation in Congenital Heart Disease 361
Birna Bjarnason-Wehrens, Sigrid Dordel, Narayanswami Sreeram, and K. Brockmeier
46. Gender Issues in Rehabilitation 376
Karin Schenck-Gustafsson and Agneta Andersson
47. Rehabilitation in Elderly Patients 383
Hugo Saner
48. Cardiac Rehabilitation in Chronic Heart Failure 393
Ugo Corrà
49. Rehabilitation after Cardiac Transplantation 407
Carsten B. Cordes
50. Rehabilitation in Patients with Implantable Devices 416
L. Vanhees, S. Beloka, M. Martens, and A. Stevens
51. Rehabilitation in Peripheral Vascular Disease 422
Jean-Paul Schmid
52. Cardiac Rehabilitation and Wellness in the Corporate Setting 428
L. Dorian Dugmore

Section IX: Pharmacotherapy, Organization, Evaluation

Edited by **Joep Perk**

53. Pharmacotherapy in Prevention and Rehabilitation 439
Dan Atar and Serena Tonstad
54. Rehabilitation Modalities 454
Pantaleo Giannuzzi
55. Developing Cardiac Rehabilitation Services: From Policy Development to Staff Training Programs 460
John H. Horgan
56. Safety Aspects of Cardiac Rehabilitation 465
Bo Hedbäck

Contents	xi
57. Communication: Automatic Referral to Phase II Cardiac Rehabilitation . . . <i>P.J. Senden</i>	469
58. Future Developments in Preventive Cardiology: The EUROACTION Project <i>David A. Wood</i>	476
59. Outcome Measurement and Audit <i>Joep Perk</i>	489
60. Economic Evaluation of Cardiac Rehabilitation <i>N.B. Oldridge</i>	494
Index	503
