Introduction: The Depth and Breadth of Cognitive Behavior Group Therapy	1
Part 1 The Basics of Cognitive Behavioral Group Therapy	5
1 Extending CBT to Groups	7
<i>Why CBT Is Increasingly Used for Common Mental Health Problems</i>	7
<i>Principles of CBT</i>	9
<i>Cost-Effectiveness of CBT</i>	11
<i>Transporting Individual CBT to a Group Setting</i>	12
Adapting CBT to CBGT: panic disorder illustration	13
Managing the group process across CBGT	15
<i>Unique Benefits of the Group Format</i>	17
<i>How to Start a CBT Group</i>	19
Setting up the group room	20
The first session	20
Absences and being late	22
Confidentiality and socializing outside the group	22
Member introductions	23
Expectations for CBGT commitment	24
Note-taking by CBGT therapists	24
Subsequent sessions	25
<i>Summary</i>	25
<i>Notes</i>	26
<i>Recommended Readings for Clinicians</i>	26
<i>References</i>	26

2	Working with Process and Content	29
	<i>Process and Content in Group Therapy</i>	30
	<i>Group Process in Theory</i>	31
	<i>Group Process in Practice: Obsessive–Compulsive Disorder Illustration</i>	32
	Instillation of hope	32
	Universality	34
	Imitative behavior and peer modeling	34
	Imparting of information	35
	Altruism	35
	Group cohesiveness	36
	Existential factors	37
	Catharsis	37
	Interpersonal learning and new ways of socializing	38
	Experiencing the group as similar to one's family of origin	39
	Group process research and CBGT application	40
	<i>Scott's General Group Therapeutic Skills Rating Scale</i>	41
	<i>Summary</i>	42
	<i>Note</i>	42
	<i>Recommended Readings for Clinicians</i>	42

7 Transdiagnostic and Other Heterogeneous Groups	115
<i>Why Consider Transdiagnostic Groups?</i>	116
<i>What Do Transdiagnostic CBGT Protocols Include?</i>	118
Mixing anxiety with depression in the same group	118
Mixing different anxiety disorders in the same group	120
<i>CBGT for Social Anxiety and Panic Disorder</i>	122
The diagnosis of social anxiety disorder	122

Why groups can be challenging for people with social anxiety	123
Why a transdiagnostic group is attractive for people with social anxiety	123
Key features of a mixed social anxiety and panic group	124
In-session social anxiety exposures	126
<i>CBGT for Different Types of Trauma</i>	127
The diagnosis of posttraumatic stress disorder (PTSD)	127
From homogeneous to heterogeneous trauma groups	128
Self-care skills as a prerequisite	128
Cognitive processing therapy (CPT) in heterogeneous CBGT for trauma	130
The role of exposure in CBGT for trauma	132
Capitalizing on the group in heterogeneous CBGT for trauma	133
<i>Summary</i>	134
<i>Notes</i>	134
<i>Recommended Readings for Clinicians</i>	134
<i>References</i>	135
 8 Augmenting CBGT with Other Therapy Approaches	 138
<i>Integrating CBGT and Mindfulness: Generalized Anxiety Disorder (GAD)</i>	139
The diagnosis of generalized anxiety disorder	139
CBGT for GAD	139
Intolerance of uncertainty	140
Problem solving	141
Imaginary exposure	143
GAD and mindfulness	144
Integrating mindfulness into CBGT	145
<i>CBGT and Interpersonal Therapy: Perinatal Depression</i>	146
Integrating interpersonal therapy (IPT) into CBGT	148
What exactly is IPT?	148
Research support for IPT and CBT in treating perinatal depression	150
Example of combined IPT and CBGT for perinatal depression	151
<i>Summary</i>	153
<i>Notes</i>	153
<i>Recommended Readings for Clinicians</i>	154
