- Contributors, x
Preface, xii
- 1 The Context of Primary Health Care Nursing, 1**
The changing context of service provision, 1
The primary care vision for the next decade, 3
The impact of primary care policy changes on the role of the primary care nurse, 7
The scope of primary care nursing practice within the context of a changing workforce, 9
International influences on the health care agenda, 12
Conclusion, 13
References, 15
- 2 Social Policy, 17**
Introduction, 17
The policy-making and implementation process, 17
The evolution of the NHS, 21
Health care under the Conservative Government 1979–1997, 22
Labour Government health care policy, 24
Conclusion, 29
References, 30
- 3 The Origins of Contemporary Primary Health Care, 33**
Introduction, 33
Primary health care – the concept, 33
Primary health care and the NHS, 36
Primary health care in the community – key issues and initiatives, 39
Looking to the future, 44
References, 45
- 4 Community Development in Public Health and Primary Care, 48**
Introduction, 48
The current context for community development practice, 48
Defining the terms, 50
Making it work – key issues in successful community development, 55
The role of community health professionals, 57
Conclusion, 59
References, 59
- 5 Health Needs Assessment and the Community Nurse, 61**
Introduction, 61
Background and policy context, 61
Defining health needs assessment, 62
Perspectives of health and need, 63
Reasons for and benefits of conducting health needs assessments, 64
Challenges associated with health needs assessments, 65
The process of carrying out a health needs assessment, 66
Participatory approaches, 69
The role of the community nurse, 70
Conclusions, 71
References, 71
- 6 Research Perspectives Applied to Primary Health Care, 74**
Introduction, 74
Priorities for nursing and health care research, 74
The knowledge base for public health and primary health care practitioners, 78
Reflective practice and research mindedness, 79
The research process, 80

vi Contents

- General research issues, 91
- Conclusion, 95
- References, 97
- 7 Health Visiting, 102**
 - Introduction, 102
 - The development of the profession, 102
 - Public health and health visiting – 1970s onwards, 103
 - Modernising the role of the health visitor – a public health approach, 104
 - Modernising nursing careers, 106
 - The health visiting review 2007, 106
 - Facing the future: the government response, 107
 - Family nurse partnership programme, 107
 - The updated CHPP (DH 2008), 108
 - Challenges and opportunities for health visiting practice, 108
 - Public health and health visiting practice, 110
 - The way forward, 112
 - Conclusion, 114
 - References, 114

 - Introduction, 117
 - Historical development of practice nursing, 117
 - The impact of policy and General Medical Services (GMS) contracting on practice nursing, 118
 - Practice nursing – roles and functions, 121
 - Long-term conditions management, 127
 - The future, 131
 - References, 132
- 9 Contemporary Issues in District Nursing, 134**
 - Introduction, 134
 - Historical origins, 134
 - The changing primary care workforce, 135
 - The changing role of the district nurse, 137
 - Practice-based commissioning, 139
 - Clinical governance, 139
 - Managing long-term conditions through population management and a geographical perspective, 140
 - Non-medical prescribing, 142
 - Continuous professional development – lifelong learning, 143
 - Responding to the changing policy context, 143
 - Conclusion, 145
 - References, 146
- 10 Community Children’s Nursing, 148**
 - Introduction, 148
 - Every Child Matters*, 149
 - National Service Framework for Children, Young People and Maternity Services*, 151
 - Our Health, Our Care, Our Say*, 152
 - The Next Stage review, 152
 - Better Care: Better Lives*, 154
 - Aiming High for Disabled Children*, 155
 - The community children’s nursing workforce, 156
 - Band mix in the registered community children’s nursing workforce, 158
 - New ways of working, 159
 - Advancing practice, 161
 - Non-medical prescribing, 162
 - Modernising Nursing Careers* – educating a workforce that is fit for the future, 163
 - Support workers in the context of community children’s nursing practice, 164
 - Transitions from children’s to adult services, 166
 - Conclusion, 168
 - References, 168
- 11 School Nursing, 172**
 - Introduction, 172
 - Children as the future, 172
 - Placing education high on the agenda, 172
 - Emphasis on public health for school health, 173
 - Establishing the number of school nurses, 174
 - Education and training, 175
 - The future, 176
 - The public health role of the in school nurse, 176

- Leadership and organisation, 179
 Mental health – a specific issue, 180
 The need for marketing, 181
 Conclusion, 182
 References, 182
- 12 Occupational Health Nursing, 185**
 Introduction, 185
 Occupational health nurses as specialist practitioners, 185
 Historical perspective, 187
 Provision of occupational health services in the UK, 188
 The changing nature of UK workplaces, 189
 Changing work patterns, 190
 Workplace practices, 190
 The domains of occupational health nursing practice, 191
 The educational domain of practice, 194
 Public health strategies, 194
 Specialist community public health nursing – part 3 of the Register maintained by the Nursing and Midwifery Council, 195
 Conclusion, 195
 References, 195
- 13 Community Mental Health Nursing, 197**
 Introduction, 197
 A guiding paradigm, 197
 The *National Service Framework*, 199
 The principles of community mental health nursing, 199
 Conclusion, 213
 References, 213
- 14 Community Nursing Learning Disability, 218**
 Introduction, 218
 People with learning disabilities, 218
 The number of people who have learning disabilities, 219
 Changing service principles – but what progress?, 220
 Time to reflect?, 222
 Moving forward, 223
 The health of people with learning disabilities, 224
- What community nurses for people with learning disabilities do – the emerging evidence base, 226
 The future role of community nursing services for people with learning disabilities, 229
 Conclusion, 231
 References, 231
- 15 Advanced Nursing Practice in the Community, 234**
 Introduction, 234
 Why advanced nursing practice?, 234
 What is advanced nursing practice?, 235
 Do titles matter?, 241
 Nurse practitioners – history and development, 241
 The community matron – history and development, 246
 Nurse consultant – history and development, 246
 Conclusion, 247
 References, 248
- 16 Teamwork in Community Nursing, 253**
 Introduction, 253
 Potential team members in community services, 253
 The continuing need for effective teamwork, 254
 The nature of teams, 256
 Teams do not work effectively when..., 257
 Teams work well when..., 260
 Conclusion, 262
 References, 263
- 17 Measuring Effectiveness in Community Health Care Nursing and Specialist Community Public Health Nursing, 265**
 Introduction, 265
 The measurement of effectiveness in the NHS, 265
 Clinical governance, 266
 Measuring health gain, 266
 Development of research governance, 267
 Clinical governance in primary care, 268

viii Contents

- Approaches to clinical effectiveness and outcome measurement of health care, 270
- NHS policy development and clinical effectiveness, 273
- The work of the Commission for Health Care Audit and Inspection, 275
- Using benchmarks, 275
- Measuring health gain and outcomes in public health and primary care: established evidence, 275
- Ongoing issues for CHCNs and SCPHNs, 277
- Conclusion, 279
- References, 279
- 18 Non-Medical Prescribing, 284**
 - Introduction, 284
 - Medicines management: prescription, supply and administration of medicines, 284
 - History and background of non-medical prescribing, 285
 - Education and training, 287
 - Maintaining competence in practice and CPD, 290
 - Professional and legal accountability, 291
 - Current practices in nurse prescribing, 292
 - Conclusion, 293
 - References, 294
- 19 Public Health Nursing – Strategic Directions for Future Development, 296**
 - Introduction, 296
 - Public health policy context, 296
 - UK-wide policy issues, 297
 - Vision for health reform, 298
 - The development of public health nursing, 298
 - Specialist community public health nursing, 299
 - Modernising nursing careers, 300
 - Title versus function, 301
 - Facing the future: a review of the role and function of health visiting, 301
 - Workforce implications, 302
 - Public health nurses or public health practitioners?, 303
 - Future development and challenges for practice, 304
 - Public health priorities, 304
 - Children’s policy context, 305
 - Embracing the challenge of change, 306
 - Future directions, 307
 - Conclusion, 308
 - References, 308
- 20 Modernisation of Primary Care: Innovation, Leadership and Enterprise Within the Workforce, 311**
 - Introduction, 311
 - What this chapter provides, 312
 - Commissioning, 313
 - Delivering a fair, personalised, effective and safe NHS, 321
 - Innovation in commissioning, 322
 - Healthcare for London: A Framework for Action* (incorporating the principles of world-class commissioning), 323
 - Practice-based commissioning, 324
 - Understanding the relationship between commissioning vision and world-class commissioning and practice-based commissioning, 327
 - Service providers, 327
 - Social enterprise and third sector providers, 330
 - Primary care responding to the modernisation agenda, 331
 - Leadership, 333
 - Conclusion, 335
 - References, 336
- 21 Inter-Professional Practice Teaching and Learning, 338**
 - Introduction, 338
 - NMC standards to support learning and assessment in practice, 339
 - Putting the standards into practice, 340
 - Mentorship in community practice, 341
 - Preparation of practice teachers, 342
 - Learning, teaching and assessment in practice, 343

Tools for assessment of proficiency in practice, 347	A patient's perspective: developing a holistic approach, 357
Conclusion, 350	Stepping out and up: 'patients' no more, 360
References, 350	Conclusion: co-creating health care improvement, 362
22 User Involvement: The Involved and Involving Community Health Care Nurse, 352	References, 363
Introduction and overview, 352	Index, 365
The modern 'PPI' system, 353	
The new lexicon: the structural challenge of roles, skills and responsibilities, 356
