Part One	Introduction to Research	1
Chapter 1	Research and Evidence-Based Nursing Practice	3
Chapter 2	Conceptual-Theoretical-Empirical Structures for Research	21
Chapter 3	The Contents of Research Reports	35
Chapter 4	A Framework for Evaluating Conceptual-Theoretical-Empirical Structures for Research	45
Part Two	Evaluation of Conceptual Models and Theories	55
Chapter 5	Evaluation of Conceptual-Theoretical-Empirical Linkages	57
Chapter 6	Evaluation of Middle-Range Theories	73
Part Three	Evaluation of Empirical Research Methods	89
Chapter 7	Evaluation of Research Designs for Theory-Generating and Theory-Testing Research	91
Chapter 8	Evaluation of Samples	133
Chapter 9	Evaluation of Research Instruments and Experimental Conditions	153
Chapter 10	Evaluation of Procedures for Data Collection	193
Chapter 11	Evaluation of Procedures for Protecting Research Participants	209
Chapter 12	Evaluation of Data Analysis Techniques	225
Part Four	Evaluation of the Adequacy and Utility of Theories and Conceptual Models	239
Chapter 13	Evaluation of the Research Findings	241
Chapter 14	Evaluation of the Utility of the Theory for Practice	255
Chapter 15	Evaluation of the Utility and Soundness of the Conceptual Model	273

Part	Five	Integrating Research and Practice .....	281
	Chapter 16	Strategies for Integrating Nursing Research and Nursing Practice .....	283
	References	.....	291

## CD CONTENTS

Part	One	Introduction to Research
	Chapter 1	Research and Evidence-Based Nursing Practice
		<i>Chapter 1 Slides</i>
		<i>Chapter 1 Learning Activities</i>
		<i>Chapter 1 Practice Examination Questions</i>
	Chapter 2	Conceptual-Theoretical-Empirical Structures for Research
		<i>Chapter 2 Slides</i>
		<i>Chapter 2 Learning Activities</i>
		<i>Chapter 2 Practice Examination Questions</i>
	Chapter 3	The Contents of Research Reports
		<i>Chapter 3 Slides</i>
		<i>Chapter 3 Learning Activities</i>
		<i>Chapter 3 Practice Examination Questions</i>
		<i>Example of a Research Report</i>
	Chapter 4	A Framework for Evaluating Conceptual-Theoretical- Empirical Structures for Research
		<i>Chapter 4 Slides</i>
		<i>Chapter 4 Learning Activities</i>
		<i>Chapter 4 Practice Examination Questions</i>
Part	Two	Evaluation of Conceptual Models and Theories
	Chapter 5	Evaluation of Conceptual-Theoretical-Empirical Linkages
		<i>Chapter 5 Slides</i>
		<i>Chapter 5 Learning Activities</i>
		<i>Chapter 5 Practice Examination Questions</i>
		<i>Table 5-1. Brief Summaries of Seven Conceptual Models of Nursing</i>
		<i>Table 5-2. Brief Summaries of Three Nursing Grand Theories</i>
		<i>Table 5-3. Research Focus Guidelines for Seven Conceptual Models of Nursing</i>
		<i>Table 5-4. Research Focus Guidelines for Three Nursing Grand Theories</i>
