

Contents

SECTION A

Basic Science of the Intestinal Tract

- CHAPTER 1 Overview of Digestion and Absorption 3
Josef Neu, MD
- CHAPTER 2 Maturation of Motor Function in the Preterm Infant and Gastroesophageal Reflux 13
Anna Maria Hibbs, MD, MSCE
- CHAPTER 3 Development of Gastrointestinal Motility Reflexes 27
Sudarshan Rao Jadcherla, MD, FRCPI, DCH, AGAF and Carolyn Berseth, MD
- CHAPTER 4 Development of the Intestinal Mucosal Barrier 39
Camilia R. Martin, MD, MS, Ricardo A. Caicedo, MD, and W. Allan Walker, MD
- CHAPTER 5 The Developing Intestinal Microbiome and Its Relationship to Health and Disease 59
Josef Neu, MD and Volker Mai, PhD
- CHAPTER 6 The Developing Intestine as an Immune Organ 67
Ravi M. Patel, MD, Andrew S. Neish, MD, and Patricia Lin, MD
- CHAPTER 7 The Developing Gastrointestinal Tract in Relation to Autoimmune Disease, Allergy, and Atopy 91
Outi Vaarala, MD, PhD
- CHAPTER 8 What Are the Controversies for Basic Intestinal Development and Where Will the Field Be Moving in the Future? 101
Josef Neu, MD

SECTION B

Nutritional Requirements and Strategies

- CHAPTER 9 Nutritional Requirements of the Very-Low-Birthweight Infant 107
Patti J. Thureen, MD and William W. Hay, Jr., MD
- CHAPTER 10 Controversies in Neonatal Nutrition: Macronutrients and Micronutrients 129
Frank R. Greer, BS, MD

- CHAPTER 11 **Regulation of Protein Synthesis and Proteolysis in the Neonate by Feeding** 157
Tracy Gautsch Anthony, PhD and Susan Hazels Mitmesser, PhD
- CHAPTER 12 **Lipids for Neonates** 183
Sheila M. Innis, PhD
- CHAPTER 13 **Human Milk Feeding of the High-Risk Neonate** 203
Christina J. Valentine, MD, MS, RD and Ardythe L. Morrow, PhD
- CHAPTER 14 **Nutritional Requirements for the Neonate: What Are the Controversies and Where Will the Field Be Moving in the Future?** 213
Josef Neu, MD

SECTION C

Clinical Conditions

- CHAPTER 15 **Necrotizing Enterocolitis** 217
Renu Sharma, MD, Christopher Young, MD, and Josef Neu, MD
- CHAPTER 16 **Special Nutrition of the Surgical Neonate** 227
Tom Jaksic, MD and Jamie-KH Kang, MD
- CHAPTER 17 **Controversies in Short Bowel Syndrome** 237
Essam Imseis, MD, Fernando Navarro, MD, Ursula Nawab, MD, Ashish N. Debroy, MD, and J. Marc Rhoads, MD
- CHAPTER 18 **Neonatal Cholestasis** 251
Joel M. Andres, MD and Allah B. Haafiz, MD
- CHAPTER 19 **The Neonatal Gastrointestinal Tract as a Conduit to Systemic Inflammation and Developmental Delays** 293
James L. Wynn, MD and Josef Neu, MD
- CHAPTER 20 **Adult Consequences of Neonatal and Fetal Nutrition: Mechanisms** 305
Lisa A. Joss-Moore, PhD, Kjersti Aagaard-Tillery, MD, PhD, Nicole Mitchell, MD, Clotilde desRobert-Marandet, MD, and Robert H. Lane, MD, MS
- CHAPTER 21 **Technologies for the Evaluation of Enteral Feeding Readiness in Premature Infants** 339
Sungho Oh, MD, Ee-Kyung Kim, MD, and Josef Neu, MD
- CHAPTER 22 **What Are the Controversies for These Clinical Conditions and Where Will the Field Be Moving in the Future?** 349
Josef Neu, MD
