Preface	5	Other inflammatory conditions	
Abbreviations	6	Psoriasis	44
Suggested Reading	6	Pityriasis rubra pilaris	46
PART 1		Seborrheic dermatitis	47
Skin changes with aging		Intertrigo	48
Age-related atrophy	8	Asteatotic eczema	49
Solar atrophy	9	Lichen planus	50
Bruising	9	Contact dermatitis	52
Xerosis	10	Nummular dermatitis	54
Varicosities	10	Urticaria (hives)	55
PART 2		Rosacea	56
Inflammatory skin disease		Lichen sclerosus	58
Autoimmune		Neurodermatitis/Prurigo nodularis/ Lichen simplex chronicus	59
Bullous pemphigoid	14	Chondrodermatitis nodularis chronica helicis	60
Cicatricial pemphigoid (mucous membrane pemphigoid)	16	Grover disease	61
Dermatomyositis	17	Erythema annulare centrifugum	62
Acute cutaneous lupus erythematosus (systemic lupus erythematosus)	18	Erythema nodosum	63
Subacute cutaneous lupus erythematosus	20	PART 3	
Discoid lupus erythematosus	22	Neoplasms of the skin	
Scleroderma	24	Malignant	
Pemphigus	26	Basal cell carcinoma	66
Sjögren syndrome	29	Actinic keratosis	68
Neutrophilic dermatoses		Squamous cell carcinoma	70
Sweet syndrome	30	Keratoacanthoma	72
Pyoderma gangrenosum	32	Malignant melanoma	74
Allergic and hypersensitivity processes		Sebaceous carcinoma	76
Drug eruptions	33	Angiosarcoma	77
Acute generalized exanthematous pustulosis	35	Kaposi sarcoma	78
Stevens–Johnson syndrome/Toxic epidermal necrolysis	36	Cutaneous B-cell lymphoma	79
Photorelated conditions		Cutaneous T-cell lymphoma	80
Polymorphous light eruption	38	Metastatic tumors and paraneoplastic syndromes	82
Phototoxic/Photoallergic reactions	38	Benign	
Chronic actinic dermatitis (actinic reticuloid) 40		Seborrheic keratosis	83
Porphyria cutanea tarda	42	Sebaceous hyperplasia	85
		Angioma (cherry angioma)	86
		Angiokeratoma	87
		Milium	88

Skin tags(acrochordons)	89
Epidermoid cyst	90
Favre–Racouchot disease	91
Lipoma	92
Syringoma	92
Dermatofibroma	93
Lentigo	95
Nevus	96
Fibrous papule	99
Verrucas (warts)	100

PART 4
Infestations and infections

Parasitic

Scabies	104
Lice	105

Viral

Herpes simplex	106
Varicella zoster	108

Bacterial

Bacterial folliculitis	109
Bacterial cellulitis/ Erysipelas	111

Fungal

Tinea	112
Candidiasis	114

PART 5

Metabolic and nutritional disease

Scurvy	116
Cheilitis	117
Pruritus	118
Zinc deficiency	119
Pellagra	120

PART 6

Skin signs of systemic disease

Necrobiosis lipoidica (diabeticorum)	122
Acanthosis nigricans	123
Granuloma annulare	124
Amyloidosis	125
Stasis dermatitis	126
Leg ulcers	128
Leukocytoclastic vasculitis (hypersensitivity vasculitis)	130
Xanthomas	131
Erythema gyratum repens	132
Acrokeratosis neoplastica (Bazex syndrome)	133
