

# CONTENTS

## INTRODUCTION 12

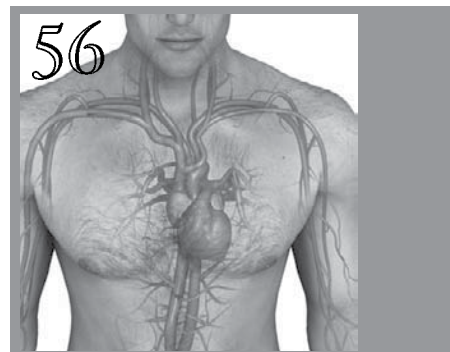

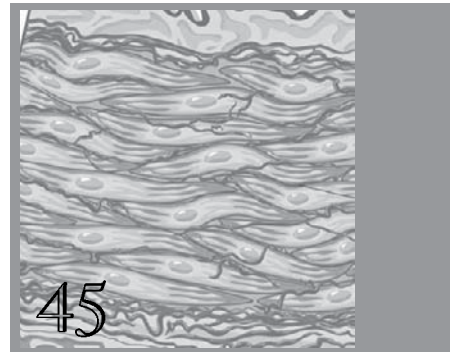

## CHAPTER 1: THE HUMAN HEART 21

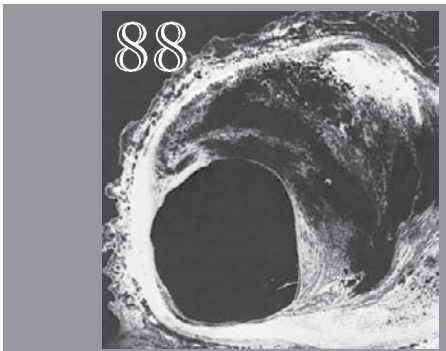

- Origin and Development 24
- Pericardium 26
- External Surface of the Heart 27
- Chambers of the Heart 28
  - Atria 29
  - Ventricles 29
- Valves of the Heart 30
- The Heart Wall 32
- Blood Supply to the Heart 34
- Heartbeat 36
  - The Conduction System 37
- Nervous Control of the Heart 40
- Cardiac Output 40
- Systole and Diastole 41
- Heart Sounds and Murmurs 42

## CHAPTER 2: THE BLOOD VESSELS 44

- Arteries 45
  - The Aorta and Its Principal Branches 48
  - Renal Artery 51
  - The Pulse 53
- Veins 54
  - Venae Cavae 57
  - Portal System 61
  - Venous Pulmonary System 63
- Capillaries 63
- Pulmonary Circulation 65
- Systemic Circulation 67
- Human Fetal Circulation 67
- Angiogenesis 68

### CHAPTER 3: CONGENITAL HEART

#### DISEASE 70

Causes and Diagnosis of  
Congenital Heart Disease 71

Types of Congenital Heart  
Diseases 73

Abnormalities of Individual  
Heart Chambers 74

Abnormalities of the Atrial  
Septum 75

Abnormalities of the Ventricular  
Septum 76

Abnormal Origins of the Great  
Arteries 78

Abnormalities of the  
Valves 79

Abnormalities of the  
Myocardium and  
Endocardium 79

Abnormalities of the Coronary  
Arteries 80

Abnormalities of the Aorta 80  
Anomalous Pulmonary Venous  
Return 83

Anomalies of the Venae  
Cavae 83

Repair of Congenital Cardiac  
Defects 84

### CHAPTER 4: ACQUIRED HEART

#### DISEASE 87

Coronary Artery Disease 87

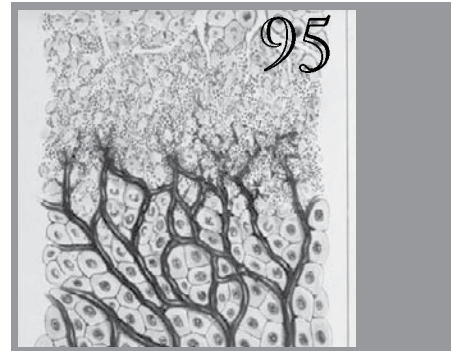

Coronary Heart Disease 89

Epidemiology 90

Risk Factors 91

Angina Pectoris 91

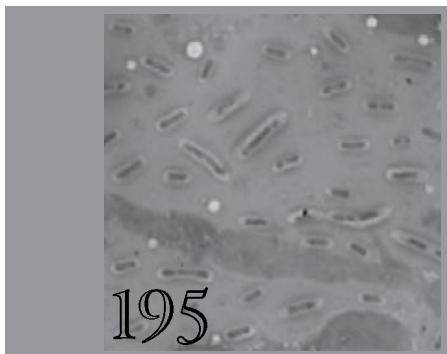

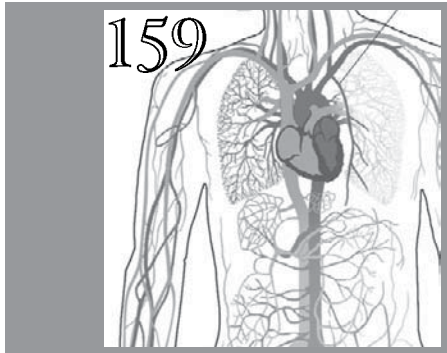

Heart Attack	94
Survival During and After a Heart Attack	99
Sudden Death	100
Prevention of Coronary Heart Disease	101
Diseases of the Pulmonary Artery and Aorta	102
Rheumatic Heart Disease	102
Pulmonary Heart Disease (Cor Pulmonale)	105
Other Diseases of the Pulmonary Artery and Aorta	107

## CHAPTER 5: DISEASES OF HEART TISSUES, DISTURBANCES IN CARDIAC RHYTHM, AND HEART FAILURE 112

Diseases of Heart Tissues	112
Diseases of the Endocardium and Valves	113
Diseases of the Myocardium	118
Diseases of the Pericardium	122
Disturbances in Cardiac Rhythm and Conduction	123
Determinants of Cardiac Rhythm	125
Premature Contractions	128
Arrhythmia	128
Heart Failure	139
Congestive Heart Failure	140
Ventricular Dysfunction in Heart Failure	141
Treatment of Heart Failure	145

## CHAPTER 6: DISEASES OF THE BLOOD VESSELS 150

### Diseases of the Arteries 150

Atherosclerosis 151

Thrombosis 162

Embolism 163

Stroke 165

Arteritis 168

Arteriovenous Fistula 170

Raynaud Syndrome 171

Acrocyanosis 172

Erythromelalgia 173

Aortic Arch Syndrome 173

Other Injuries to Arteries 174

### Diseases of the Veins 175

Thrombophlebitis 175

Varicose Veins 176

Hemorrhoids 178

Venospasm 178

### Diseases of the Capillaries 179

Angioma 180

## CHAPTER 7: HEMODYNAMIC

### DISORDERS AND SHOCK 181

#### Hemodynamic Disorders 181

Hypertension 182

Hypotension 186

Bainbridge Reflex 187

Syncope 188

#### Physiological Shock 190

Shock Due to Inadequate Blood

Volume 192

Shock Due to Inadequate

Cardiac Output 194

Bacteremic Shock 194

Anaphylactic Shock 196

Psychogenic Shock 197  
 Drugs and Shock 197  
 Neurogenic Shock 198  
 Endocrine Causes of Shock 199  
 Refractory and Irreversible  
 Shock 199

**CHAPTER 8: APPROACHES TO  
 CARDIOVASCULAR EVALUATION  
 AND TREATMENT 201**

Modern Developments in  
 Cardiology 202

Noninvasive Evaluation  
 Techniques 204

Echocardiography 204

Ballistocardiography 205

Radionuclide Imaging 206

Electrocardiography 210

Phonocardiography 212

Cardiac Magnetic Resonance  
 Imaging 213

Invasive Evaluation Techniques 214

Cardiac Catheterization 214

Angiocardiology 216

Angiography 217

Surgical and Emergency Cardiac  
 Treatments 218

Open-Heart Surgery 219

Cardiopulmonary Bypass 219

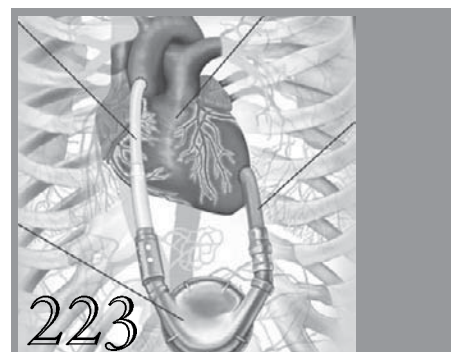

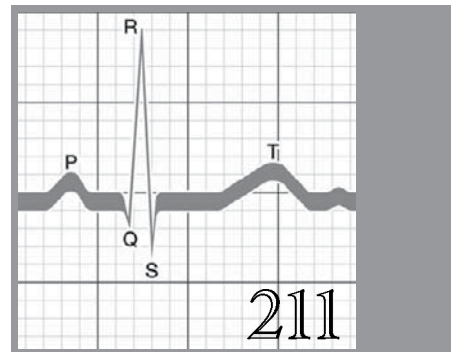

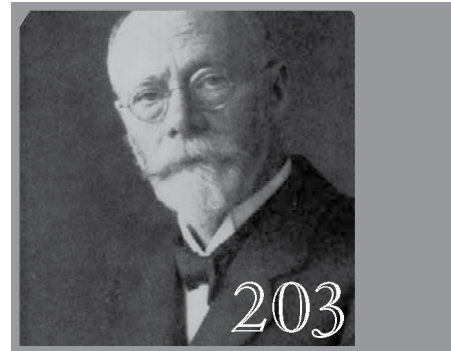

Mechanical Hearts 222

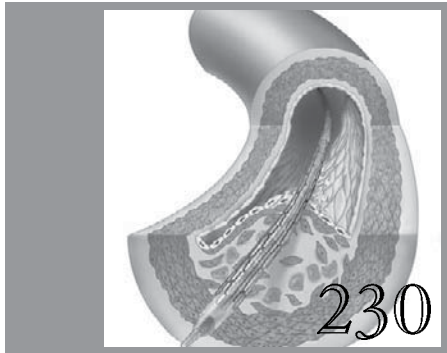

Valvular and Pericardial  
 Surgeries 225

Cardiac Pacemakers 227

Repair of Heart Wounds 228

Coronary Artery Bypass  
 Surgery 229

Angioplasty 230  
Heart Transplantation 231  
Cardiopulmonary  
Resuscitation 233  
Defibrillation 235

CONCLUSION 239  
GLOSSARY 240  
BIBLIOGRAPHY 242  
INDEX 244
