

# CONTENTS

## INTRODUCTION 10

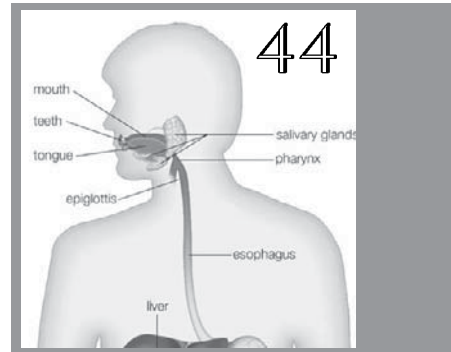

## CHAPTER 1: THE BEGINNING OF THE DIGESTIVE TRACT 19

- Mouth and Oral Structures 21
  - The Lips and Cheeks 21
  - The Mouth 23
  - The Gums 25
  - The Teeth 26
  - The Tongue 29
  - The Salivary Glands 33
- Saliva 35

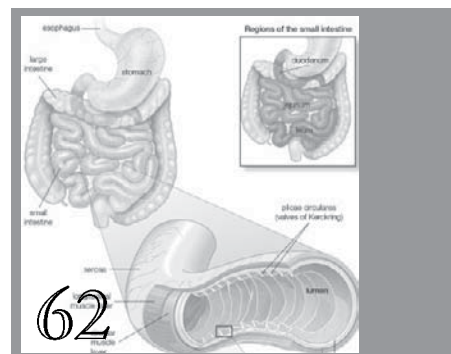

## CHAPTER 2: THE PASSAGE OF FOOD TO THE STOMACH 38

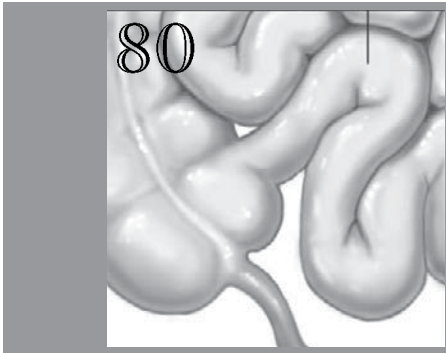

- Swallowing 38
- The Pharynx 40
- The Esophagus 43
- The Stomach 47
  - Blood and Nerve Supply of the Stomach 50
  - Stomach Contractions 51
  - Gastric Mucosa 52
  - Gastric Secretion 55
  - Gastric Absorption and Emptying 59

## CHAPTER 3: ANATOMY OF THE LOWER DIGESTIVE TRACT 61

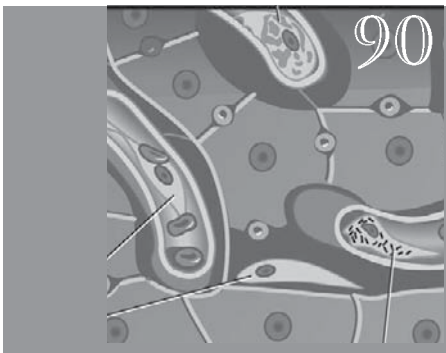

- The Small Intestine 61
  - Blood and Nerve Supply of the Small Intestine 64
  - Contractions and Motility of the Small Intestine 65

Absorption in the Small Intestine	67
Secretions of the Small Intestine	72
The Large Intestine	74
Blood and Nerve Supply of the Large Intestine	77
Contractions and Motility of the Large Intestine	78
The Appendix	79
The Rectum	81
The Anal Canal	83

#### CHAPTER 4: DIGESTIVE GLANDS AND HORMONES 86

The Liver	86
The Biliary Tract	93
The Gallbladder	95
Bile	96
The Pancreas	97
Acinar Cells	99
Islets of Langerhans	101
Hormones of the Gastrointestinal Tract	102
Insulin	105
Glucagon	109
Intestinal Glucagon	110
Somatostatin	110
Serotonin	112
Cholecystokinin	112
Gastric Inhibitory Polypeptide	113
Pancreatic Polypeptide	113
Secretin	113
Vasoactive Intestinal Polypeptide	114
Endorphins and Enkephalins	115
Prostaglandins	115

Other Hormones of  
Importance 116

**CHAPTER 5: FEATURES OF THE  
DIGESTIVE TRACT 117**

Role of Digestion 117

Utilization of Food by the  
Body 118

Nutrient Digestion 121

Carbohydrates 123

Dietary Fibre 124

Proteins 125

Fats 128

Vitamins 131

Calcium 133

Magnesium 134

Iron 135

Movement of Gas Through  
the Digestive Tract 136

The Digestive Tract as an  
Organ of Immunity 138

**CHAPTER 6: DISEASES OF THE  
UPPER DIGESTIVE TRACT 142**

Diseases of the Mouth and Oral  
Cavity 142

Pellagra 144

Glossitis 146

Vincent Gingivitis 147

Oral Cancer 147

Dental Caries 151

Pharyngitis 152

Congenital Defects 154

Diseases of the Salivary Glands 154

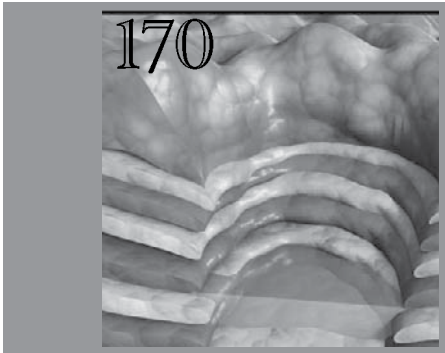

Diseases of the Esophagus 156

Congenital Defects 156

Inflammatory Disorders 157

Strictures 157

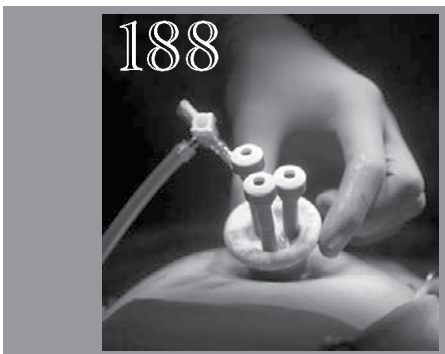

- Dysphagia 157
- Esophageal Pain 158
- Disorders of Esophageal Motility 159
- Gastroesophageal Reflux Disease 160
- Diverticula of the Esophagus 163
- Esophageal Cancer 164
- Diseases of the Stomach 168
  - Indigestion 168
  - Ulcerative Diseases 169
  - Gastritis 173
  - Stomach Cancer 174

#### **CHAPTER 7: DISEASES OF THE INTESTINES 178**

- Diseases of the Small Intestine 178
  - Traveler's Diarrhea 179
  - Intestinal Obstruction 180
  - Irritable Bowel Syndrome 180
  - Malabsorption 181
  - Congenital Malformations 182
  - Bacterial Infections 183
  - Parasitic Infections 184
  - Appendicitis 186
  - Chronic Inflammations 188
  - Celiac Disease 189
  - Tropical Sprue 191
- Diseases of the Large Intestine 192
  - Constipation 192
  - Megacolon 193
  - Diarrhea 194
  - Intestinal Gas 195
  - Diverticula of the Large Intestine 195
  - Abscesses of the Large Intestine 197

Bacterial Infections of the  
Colon 197  
Inflammatory Bowel Disease 198  
Colorectal Cancer 204  
Hemorrhoids 208

**CHAPTER 8: DISEASES OF THE  
LIVER AND PANCREAS 209**

Diseases of the Liver 209  
Acute Hepatocellular  
Hepatitis 210  
Acute Canalicular (Cholestatic)  
Hepatitis 214  
Chronic Active Hepatitis 215  
Cirrhosis 216  
Hepatic Encephalopathy 219  
Portal Hypertension 220  
Ascites 221  
Hepatorenal Syndrome 222  
Liver Cancer 223  
Diseases of the Biliary Tract 226  
Gallstones 226  
Other Biliary Tract Disorders 231  
Jaundice 231  
Diseases of the Pancreas 234  
Pancreatitis 235  
Chronic Pancreatitis 237  
Cystic Fibrosis 237  
Pancreatic Cancer 238

**CONCLUSION 244**  
**GLOSSARY 246**  
**BIBLIOGRAPHY 249**  
**INDEX 251**
