## PART I: APPROACHING DRUG–NUTRIENT INTERACTIONS

1 An Introduction to Drug–Nutrient Interactions .....	3 <i>Joseph I. Boullata</i>
2 Drug Disposition and Response .....	27 <i>Robert B. Raffa</i>
3 Drug Transporters .....	45 <i>Richard H. Ho and Richard B. Kim</i>
4 Drug-Metabolizing Enzymes .....	85 <i>Thomas K.H. Chang</i>
5 Nutrient Disposition and Response .....	119 <i>Stacey Milan and Francis E. Rosato, Jr.</i>

## PART II: INFLUENCE OF NUTRITION STATUS ON DRUG DISPOSITION AND EFFECT

6 Influence of Protein-Calorie Malnutrition on Medication .....	137 <i>Charlene W. Compher and Joseph I. Boullata</i>
7 Influence of Overweight and Obesity on Medication .....	167 <i>Joseph I. Boullata</i>

## PART III: INFLUENCE OF FOOD, NUTRIENTS, OR SUPPLEMENTATION ON DRUG DISPOSITION AND EFFECT

8 Drug Absorption with Food .....	209 <i>David Fleisher, Burgunda V. Sweet, Ameeta Parekh, and Joseph I. Boullata</i>
-----------------------------------	--

- 9 Effects of Specific Foods and Dietary Components on Drug Metabolism . . . . . 243  
*Karl E. Anderson*
- 10 Grapefruit and Other Fruit Juices Interactions with Medicines . . . . . 267  
*David G. Bailey*
- 11 Positive Drug–Nutrient Interactions . . . . . 303  
*Imad F. Btaiche, Burgunda V. Sweet, and Michael D. Kraft*
- 12 Interaction of Natural Products with Medication and Nutrients . . . . . 341  
*Lingtak-Neander Chan*
- 13 Drug–Nutrient Interactions in Patients Receiving Enteral Nutrition . . . . . 367  
*Carol J. Rollins*
- 14 Drug–Nutrient Interactions in Patients Receiving Parenteral Nutrition . . . . . 411  
*Jay M. Mirtallo*

**PART IV: INFLUENCE OF MEDICATION ON NUTRITION STATUS,  
NUTRIENT DISPOSITION, AND EFFECT**

- 15 Drug-Induced Changes to Nutritional Status . . . . . 427  
*Jane M. Gervasio*
- 16 Influence of Cardiovascular Medication on Nutritional Status . . . . . 447  
*Nima M. Patel and Anna M. Wodlinger Jackson*
- 17 Influence of Neurological Medication on Nutritional Status . . . . . 483  
*Marianne S. Aloupis and Ame L. Golaszewski*
- 18 Drug–Nutrient Interactions Involving Folate . . . . . 513  
*Patricia Worthington and Leslie Schechter*
- 19 Drug–Nutrient Interactions That Impact on Mineral Status . . . . . 537  
*Sue A. Shapses, Yvette R. Schlussel, and Mariana Cifuentes*

**PART V: DRUG–NUTRIENT INTERACTIONS BY LIFE STAGE**

- 20 Drug–Nutrient Interactions in Infancy and Childhood . . . . . 575  
*Laureen Murphy Kotzer, Maria R. Mascarenhas,  
and Elizabeth Wallace*
- 21 Drug–Nutrient Interaction Considerations in Pregnancy and Lactation . . . . . 593  
*Myla E. Moretti and Danelia L. Caprara*
- 22 Drug–Nutrient Interactions in the Elderly . . . . . 617  
*Bruce P. Kinoshian and Tanya C. Knight-Klimas*

**PART VI: DRUG–NUTRIENT INTERACTIONS IN SPECIFIC CONDITIONS**

- 23 Drug–Nutrient Interactions and Immune Function . . . . . 665  
*Adrienne Bendich and Ronit Zilberboim*
- 24 Drug–Nutrient Interactions in Patients with Cancer . . . . . 737  
*Todd W. Canada*

<b>25</b>	Drug–Nutrient Interactions in Transplantation .....	751
	<i>Matthew J. Weiss, Vincent T. Armenti, Nicole Sifontis, and Jeanette M. Hasse</i>	
<b>26</b>	Drug–Nutrient Interactions in Patients with Chronic Infections .....	767
	<i>Steven P. Gelone and Judith A. O'Donnell</i>	
	Index .....	793
